

Curriculum Vitae of Prof. Dr. Wenxin ZHANG

Experience

- 1989/09-1992/07** M.S. in General Psychology, Shandong Normal University
- 1995/09-1998/07** Ph.D. in Developmental and Educational Psychology, Shandong Normal University
- 1992/07-1999/09** Lecturer and associate professor, Department of Education, Shandong Normal University
- 1999/10-2006/10** Deputy Dean, Dean, Professor, and PhD supervisor, School of Educational Science, Shandong Normal University
- 2006/10-2011/11** Dean, Professor, and Doctoral supervisor, School of Psychology, Shandong Normal University
- 2011/11-2022/12** Vice President, Professor, and PhD supervisor, Shandong Normal University
- 2023/01-2025/xx** Professor, and PhD supervisor, Shandong Normal University
- 2025/xx-present** Dean, Professor, and PhD supervisor, Faculty of Psychology, Shandong Normal University

Research Field

- Psychological and Behavioral Development of Child and Adolescent
- School Bullying Prevention and Intervention
- Developmental Psychopathology
- Developmental Behavioral Genetics

Honor

- Head of the National *Huang Danian-style* Teaching Team (2022)
- Shandong Province Outstanding Graduate Supervisor Team (2021)
- Shandong *Huang Danian-Style* Teaching Team (2021)
- Shandong Provincial Distinguished Scholar in Social Sciences of Shandong(2018)
- China's Outstanding Humanities and Social Sciences Scholar (2008, 2011)
- Shandong Provincial Outstanding Early- and Middle-career Experts (2006-2010)
- Distinguished Professor in Shandong Provincial Taishan Scholar Project (2005-2010)
- Shandong Provincial Prosperity and Development Labor Medalist (2006)
- Member of the Teaching Guidance Committee for Psychology Programs under the Ministry of Education (present)
- Fellow of the Chinese Psychological Society (present)
- Standing Council Member of the Chinese Psychological Society (present)
- the chair of the Professional Committee of the Prevention and Intervention of School Bullying and Violence branch under the Chinese Psychological Society (present)

Funded Research Project as PI

- Science and Technology Innovation 2030 “Brain Science and Brain-like Research” Major Project: *Cohort Study on Brain and Intelligence Development of Chinese School-age Children - Cohort Construction at Shandong Normal University* (2021ZD0200516).
- The Natural Science Foundation of China Project: *The Epigenetic Mechanism for the Influence of Genes and Family Adversity on Children's Antisocial Behavior: A Longitudinal Study* (32071073).
- The “Thirteenth five-year plan” Project of the National Educational Science: *The Development of Educational Psychology Discipline in the “14th Five-Year Plan” Period* (WBA200003).
- Key Projects of Philosophy and Social Sciences Research of Ministry of Education of China: *Prevention and Intervention of School Bullying in Primary and Secondary Schools* (17JZD058).
- The Natural Science Foundation of China Project: *The Dynamic Influence of Polygene and Environment on Early Adolescent Depression and the Mediation Mechanism* (31671156).
- Key Project of Philosophy and Social Science of Ministry of Education of China: *The Model, Index System, and the Levels of Performance of Key Competence among Primary School Students in China* (13JZDW007).
- Special Project from Humanities and Social Sciences of Ministry of Education of China: *Research on Future-Orientated Education Quality and the Evaluation* (17JF020).
- Special Project of the Doctoral Program of Higher Education: *The Influences of Dopaminergic Genes and Family Environmental Factors on Early Adolescent Depression* (20133704110001).
- The Natural Science Foundation of China Project: *The Effect of Gene and Environment on Depression Among Early Adolescents: A Longitudinal Study* (31271105).
- The Natural Science Foundation of Shandong Province of China: *Genetic and Family Environmental Influences and Mechanism on Children's Proactive and Reactive Aggression* (ZR2010CM006).
- Canada's Social Sciences and Humanities Research Council (SSHRC): *Network of Centers of Excellence for Children and Youth in Challenging Contexts*.
- The National Natural Science Foundation of China: *Genetic and Family Environmental Influences and Mechanism on Children's Aggression* (30970905).
- Key Project of Key Research Institute of Humanities & Social Science of Ministry of Education of China: *A Study on the Pathways of Educational Reform of Juvenile Delinquents Based on Psychological Guidance* (08JJDXX270).
- The “Eleventh five-year plan” Project of Educational Science, Ministry of Education of China: *The Relationship Between Bullying/Victimization and Peer Context among Primary and Junior Middle School Children* (DBA070073).
- Special Project for Fundamental Research of the Ministry of Science and Technology of China (973 Project) – Sub-project: *A Survey on the Developmental Characteristics of Chinese Children and Adolescents—The Database Construction of the Psychological Developmental Characteristics of Children and Adolescents in Lixia District of Jinan, Jiaozhou of Qingdao, and Lanshan District of Rizhao in Shandong Province*.
- The “Eleventh five-year plan” Project of the Humanities and Social Science of the

- Ministry of Education of China: *Future Orientation Among High School Adolescents in Urban and Rural China* (07JAXLX002).
- The Natural Science Foundation of China Project: *Aggression and Peer Victimization Among Children: Developmental Trajectories, Stability and Gender Differences* (30570612).
 - Sub-project of the National Science and Technology Basic Work Special Project “Survey on the Psychological Development Characteristics of Chinese Children and Adolescents (2006FY110400)”, *Social 1-30-15, Discussion of the Indicator System for the Social/Emotional/Behavioral Domain, and Development of Assessment Tools for Positive Behavior, Problem Behavior, and Key Environmental Variables*.
 - Canada’s Social Sciences and Humanities Research Council (SSHRC): *Negotiating Resilience: Protective Processes of Children in Transition across Cultures and Contexts*.
 - The Natural Science Foundation of Shandong Province of China: *The Neurophysiological and Cognitive Bases of Children’s Aggressive Behavior* (Y2003D01).
 - The “Tenth five-year plan” Project of the National Educational Science: *Bullying Among Primary and Junior Middle School Children and Its Intervention* (DBA010175).
 - The “Tenth five-year plan” Project of the Humanities and Social Science of the Ministry of Education: *A Survey on the Relationships Between Children’s Bullying, Social Cognition and the Personality Characteristics* (01JAXLX015).

Academic Award

2000

- 2000 *Children Social Development* (monograph) — First Prize, Shandong Provincial Outstanding Social Science Achievements

2003

- 2003 *Children Social Development* (monograph) — Third Prize, National Outstanding Humanities and Social Sciences Research Awards

2004

- 2004 *Prevalence and Characteristics of School Bullying/Victimization* (academic paper) — Second Prize, Shandong Provincial Outstanding Social Science Achievements

2006

- 2006 *Prevalence and Characteristics of School Bullying/Victimization* (academic paper) — Second Prize, 3rd National Outstanding Educational Research Achievements
- 2006 *Relations Among Second-Order False Belief Understanding, Prosocial Behavior, and Peer Acceptance in Preschoolers* (academic paper) — Second Prize, Shandong Provincial Outstanding Social Science Achievements

2007

- 2007 *Authority, Autonomy, and Family Relationships Among Adolescents in Urban and Rural China* (academic paper) — First Prize, Shandong Provincial Higher Education Outstanding Research Achievements

2008

- 2008 *Authority, Autonomy, and Family Relationships Among Adolescents in Urban and Rural China* (academic paper) — Second Prize, Shandong Provincial Outstanding Social Science Achievements

2011

- 2011 *Adolescents' Autonomy Expectations, Attitudes Toward Parental Authority, and*

Parent-Child Conflict/Cohesion (academic paper) — Second Prize, 4th National Outstanding Educational Science Research Achievements

- 2011 *Child Aggression and Peer Victimization: Developmental Trajectories, Stability, and Gender Difference* (academic paper) — Shandong Provincial Outstanding Social Science Achievements

2012

- 2012 *Association Between CHRM2 rs1824024 Polymorphism and Early Adolescent Depression* (academic paper) — Second Prize, 26th Shandong Provincial Social Science Outstanding Achievements

2014

- 2014 *Physical/Relational Victimization and Emotional Adjustment in Middle Childhood* (academic paper) — First Prize, Shandong Provincial Outstanding Social Science Achievements
- 2014 *Stressful Events and Depression among Chinese Adolescents: The Mitigating Role of Protective Factors* (academic paper) — First Prize, Shandong Provincial Higher Education Outstanding Research Achievements
- 2014 *Longitudinal Effects of Peer Victimization on Psychosocial Adjustment in Late Childhood* (academic paper) — Third Prize, Shandong Provincial Outstanding Social Science Achievements

2015

- 2015 *Peer Rejection and Aggression in Late Childhood: Mediating Roles of Self-Concept and Peer Beliefs* (academic paper) — Second Prize, 29th Shandong Provincial Social Science Outstanding Achievements
- 2015 *Developmental Trajectories and Gender Differences in Aggression During Middle-Late Childhood: Maternal Reports* (academic paper) — Third Prize, Shandong Provincial Outstanding Social Science Achievements
- 2015 *Peer Rejection/Acceptance and Psychological Adjustment in Rural Left-Behind Children: Roles of Parent-Child Cohesion and Adversity Beliefs* (academic paper) — Third Prize, Shandong Provincial Outstanding Social Science Achievements
- 2015 *Stressful Events and Depression among Chinese Adolescents: The Mitigating Role of Protective Factors* (academic paper) — Third Prize, 7th MOE Outstanding Humanities and Social Sciences Research Awards

2016

- 2016 *Research Report on Core Competencies for Chinese Student Development* (academic paper) — First Prize, 5th National Outstanding Educational Research Achievements

2017

- 2017 *The Dopamine D2 Receptor Polymorphism (DRD2 Taq1A) Interacts with Maternal Parenting in Predicting Early Adolescent Depressive Symptoms: Evidence of Differential Susceptibility and Age Differences* (academic paper) — First Prize, Shandong Provincial Outstanding Social Science Achievements

2018

- 2018 *Monoamine Oxidase A (MAOA) and Catechol-O-Methyltransferase (COMT) Gene Polymorphisms Interact with Maternal Parenting in Association with Adolescent*

Reactive Aggression but Not Proactive Aggression: Evidence of Differential Susceptibility (academic paper) — Second Prize, Shandong Provincial Outstanding Social Science Achievements

2020

- 2020 *The Dopamine D2 Receptor Polymorphism (DRD2 TaqIA) Interacts with Maternal Parenting in Predicting Early Adolescent Depressive Symptoms: Evidence of Differential Susceptibility and Age Differences* (academic paper) — Second Prize, 8th MOE Outstanding Scientific Research Awards (Humanities and Social Sciences)
- 2020 *Reconsidering Parenting in Chinese Culture: Subtypes, Stability, and Change of Maternal Parenting Style During Early Adolescence* (academic paper) — First Prize, Shandong Provincial Outstanding Social Science Achievements

2021

- 2021 *Developmental Changes in Longitudinal Associations Between Academic Achievement and Psychopathological Symptoms from Late Childhood to Middle Adolescence* (academic paper) — Second Prize, 6th National Outstanding Educational Research Achievements

2023

- 2023 *Developmental Trajectories of Chinese Adolescents' Relational Aggression: Associations with Changes in Social-Psychological Adjustment* (academic paper) — Second Prize, Shandong Provincial Outstanding Social Science Achievements

2024

- 2024 *Developmental Changes in Longitudinal Associations Between Academic Achievement and Psychopathological Symptoms from Late Childhood to Middle Adolescence* (academic paper) — First Prize, MOE Outstanding Scientific Research Awards (Humanities and Social Sciences)
- 2024 *Developmental Trajectories of Chinese Adolescents' Relational Aggression: Associations with Changes in Social-Psychological Adjustment* (academic paper) — Youth Achievement Award, MOE Outstanding Scientific Research Awards (Humanities and Social Sciences)
